ELEVATE VMS for Master Vendor Programs

Powering Strategic Staffing Partnerships with Modern Vendor Management

The Challenge for Staffing Companies in MVPs

Master Vendor Programs (MVPs) are a powerful way for staffing companies to solidify client relationships, streamline talent acquisition, and provide strategic workforce solutions. But, managing the complexity of multiple vendors, compliance, reporting, and speed-to-fill, all while delivering exceptional service, requires more than spreadsheets and outdated technology.

Staffing companies need a modern, scalable, and intuitive VMS platform.

That platform is ELEVATE VMS.

PURPOSE-BUILT FOR MASTER VENDOR SUCCESS
ELEVATE VMS empowers staffing providers to efficiently manage all aspects of a Master Vendor Program, from requisition to invoicing, in one centralized, easy-to-use platform.

GAIN FULL VISIBILITY AND CONTROL
With real-time dashboards, analytics, and automated workflows, ELEVATE puts you in command of every aspect of the program, helping you manage second-tier suppliers, monitor SLAs, and maintain compliance with ease.

SPEED AND SIMPLICITY
Time-to-fill is critical in today's labor market. ELEVATE VMS automates manual tasks, streamlines communications, and accelerates sourcing so you can fill roles faster without sacrificing quality or control.

WIN WITH WHITE-LABELING
Position your firm as the technology leader. ELEVATE VMS offers white-labeling capabilities, allowing your brand to shine while delivering a seamless technology experience to your client.

PROVEN INTEGRATIONS. SEAMLESS OPERATIONS.
ELEVATE Connect, powered by Workato iPaaS, offers plug-and-play integrations with major HCM, ERP, and ATS platforms. Whether your client uses Workday, SAP, ADP, or Oracle, we've got you covered.

EASILY MANAGE MULTIPLE CLIENTS ON ONE PLATFORM
ELEVATE supports an unlimited number of clients on a single VMS platform.
